

THIS PAGE SPELLS CAR AND TIRE SATISFACTION FOR ALL

THE NEW—

CASE-40
Price \$1190.00

From Generation to Generation

—Since 1842 Case manufacturing principles have followed the uncompromising standards of excellence outlined by the founder of this company, Jerome I. Case.

During these years buyers throughout the world have been made happy by the excellence of Case products—from the simplest to those which solve the more difficult problems of power.

The new Case 40 commands the strict attention of thinking buyers, who want thorough excellence at a moderate price. We are firmly convinced that we offer you unusual quality in the new Case Forty. You cannot duplicate this car at this price. Remember this car has 120-inch wheelbase, removable upholstery; water-proof, flexible conduits for all electrical wiring, etc.

Before deciding on which car appeals to you most, it would be a good move on your part really to know the new Case 40, not merely by sight, but mechanically. Or do you prefer illustrated description by mail?

Pullman
Four Cylinder

Two and Four - Passenger Roadsters, Five - Passenger Touring Cars—32 horse-power, 114-inch wheel base.

Price \$825.00

F. O. B. FACTORY

When You Travel in a Pullman, You Ride Luxuriously.

THE 2 PASS. ROADSTER is a car of graceful, sweeping curves, sharp corners being entirely absent. Ample luggage space is provided in the rear, and the leather upholstered seat is extra wide, deeply tufted, and offers a maximum of comfort.

THE 4 PASS. ROADSTER is the roomiest 4-passenger, or "chummy" roadster on the market. It has full leather upholstery, 50½-inch cantilever springs and ample carrying space is provided in the boot or rear deck. The lines of this model are distinctly original and it provides more comfort and room for the passengers than any four-passenger roadster in its price class.

THE 5 PASS. TOURING CAR has the full-floating rear axle, equalized brakes, Dixie high tension magneto, Carter vacuum feed. It has the pure streamline body, high curved sides, deep seats and gracefully designed top. The extra long cantilever springs provide the maximum of road comfort under any and all conditions.

The First

Knight-Motored "Eight"

It's a—

STEARNS

A combination of mechanical perfection that embodies all the advantages one could wish for in a motor car.

Roadsters and Touring Cars

\$2150.00

123 inch wheelbase on all models rated horsepower 33.8. 35x4½ R. T. tires all around; 50x2½ inch cantilever springs in rear. Westinghouse starting and lighting system.

TOURING MODEL—There is a marked individuality in the design and appointments of the touring model. The seating plan provides accommodation for the full quota of seven passengers without crowding.

4-PASSENGER ROADSTER—All the features of the touring model are retained in the four-passenger roadster. The staggered driver's seat, together with the simplicity in the design of the control, permits operation of the car with ease and comfort, and without inconvenience to the passengers. The rear compartment is of ample dimensions to carry baggage besides an extra passenger.

Men Who Have Seen and Driven the Stearns-Knight Eight Say It's the Nearest Approach to Their Ideal Car—and You'll Agree With Them After a Demonstration.

Equip Your Cars With the Tires That Have Successfully Stood the Only Official Road Test That Has Ever Been Held

Pennsylvania Tires have just been reduced in price, because of quantity production. The quality, however, remains unchanged and unequalled.

VACUUM CUP

Guaranteed for 6000 Miles

FREE—For a short time we will give a Paruco inner tube free with every vacuum cup casing purchased from us.

WHENEVER YOU SEE THE BLACK AND YELLOW CHECKERED AUTOS

Think of the place where the best road service is to be had, that is our place—because the best road service is the only kind we give. You may be fortunate for a time, you may run along for months without a blow-out or tire trouble of any kind, especially if you are equipped with Pennsylvania Vacuum Cup Tires, but when the trouble does arise, that's when you need the best road service, the most dependable road service, the quickest road service—*Our Road Service*—and remember—*Our* road service is *yours* for the asking, no matter what tires you use. You need not use Pennsylvania tires unless you have first been thoroughly convinced that, like our service, they are the best in the "long run."
